

Special Interest Group 10
Fluid Mechanics of Cleaning and Decontamination

2019 Winter Meeting

University of Leeds, 14th – 15th January 2019

Programme

Monday 14 January

12:00 Registration & lunch

Board Room 1.31/1.31a, School of Mechanical Engineering ([here](#))

13:00 Plenary talk 1

- Thibaut Charpentier & Richard Barker (University of Leeds):
Scale and Corrosion in Oil and Gas Applications

13:40 PhD/Post-doc surgery session 1: experimental

This session is for PhD students and Post-docs to present and discuss specific issues/challenges in their current research project. Basically, anything that does NOT work and you'd like to get new ideas/feedback from the SIG.

The PhD student/post-doc should prepare 1-2 slides max and ~5 min presentation to describe their problem to launch a free and open discussion.

15:00 Poster session and coffee

16:00 Future of the SIG session (1)

17:00 Lab tour

18:00 End day 1

19:30 Join us for dinner!

Indian Tiffin Room 31-32 Park Row, Leeds, LS1 5JD ([here](#))

Tuesday 15 January

8:30 **Tea & Coffee** *Board Room 1.31/1.31a, School of Engineering*

9:00 **Plenary talk 1**

- Connor Collins (GSK):
Challenges of cleaning in the pharmaceutical production from both technical and regulatory perspective

9:40 **PhD/Postdoc surgery session 2: modelling (computational/theoretical)**

Similar to session 1, this 2nd surgery session is dedicated to modelling problems.

11:00 **Poster session and coffee**

11:30 **Future of the SIG session (2)**

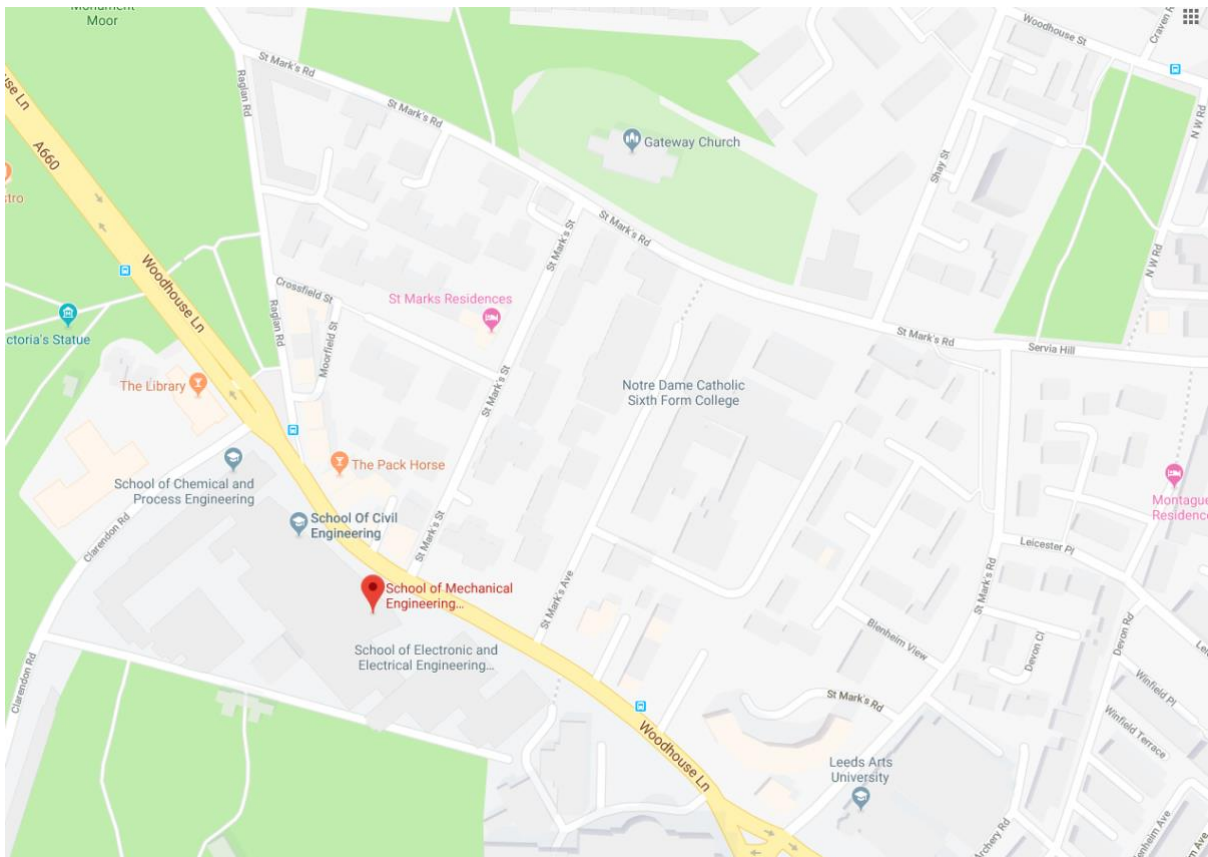

12:30 **Close and lunch** *(Room available until 14:00)*
